*WLTP figures shown are for comparability purposes; only compare figures with vehicles tested to the same technical procedures. Actual real world driving results may vary depending on factors such as weather conditions, driving styles, vehicle load or any accessories fitted after registration. WLTP is a new test used for fuel consumption and CO₂ figures however until April 2020 the CO₂ figures are based on the outgoing [NEDC] test cycle which will be used to calculate vehicle tax on first registration. Please visit [renault.co.uk/configure](https://www.renault.co.uk/configure) for WLTP figures for any selected options.
